Summer-Internship 2024: Software Developer (m/f/x)

“Ferialpraktikum” Start: July 2024* – approx. 6-8 weeks | 8141 Premstätten | fulltime

What you'll be doing:

As an intern, you are a fully integrated member of one of our development teams. You will work as a software developer on exciting development projects. These will be your main tasks:

- Implementation of software components based on J2EE as Microservice
- Developing business components via web services up to connecting the software to different database systems using O/R mappings
- Finding, analyse and implement bug fix solutions
- Working with state-of-the-art technologies such as J2EE, Angular/React, Docker, Kubernetes, Jenkins, AWS Cloud, Spring

What you bring to the role:

- At least 4th class of HTL completed at the time of internship or ongoing studies (Software Engineering, Software Design, Cloud Computing, eHealth, Data Science, Information and Computer Engineering or similar)
- Quick comprehension as well as interest in learning and using new technologies
- Basic knowledge in the development of JAVA / J2EE applications
- Basic understanding of SQL
- Good written and spoken English skills; German is a “nice to have”
- High degree of initiative, reliability, determination, and willingness to learn
- Willingness to act as a full team member for approx. 6-8 weeks physically in the office and remotely (approx. 40:60%). (8 weeks are desirable and recommended. *For an optimal introduction, a common start for all interns is advantageous and we therefore prefer a start on 08.07.2024. Please let us know your possibilities - we will try to take your wishes into account).
